Job Placement Rate

Employment and Graduation Statistics

The 2010 Simpson College graduates were asked to complete an employment survey to indicate level of employment and enrollment in full-time graduate study. The survey was conducted by the Career Services department. Of the 447 graduates, 345 responded to the survey for a 77% return rate.

Of the respondents, 318 indicated full employment or full enrollment in a graduate or professional study program. These figures produce a job placement rate of 92% within six months of graduation from Simpson College.*

The four year graduation rate for the class of freshman entering Simpson College in 2005 is 86.8 percent and the six year graduation rate is 69.5 percent.

State Licensing Requirements for Teacher Licensure and Athletic Training Licensure

Students attending Simpson College in majors leading to Teacher Licensure and Athletic Training Licensure must complete coursework in preparation of licensure. The course curricula are designed to align with the state of Iowa requirements for licensure and specific requirements must be met by the student prior to receiving recommendation for licensure. A full description of the licensing requirements can be found at the resources listed below.

Athletic Training Licensure Requirements

Iowa Board of Athletic Training: http://www.idph.state.ia.us/licensure/board_home.asp?board=at

Simpson College Athletic Training Clinical Education: http://www.simpson.edu/sport/beyond/clinical.html

Teacher Licensure Requirements
