Theatre Simpson
Goals and plans—Junior Year

Name: ___________________________  Date submitted: _________________

The department requires all theatre majors during the first semester of their junior year to develop and submit post-graduation goals and a specific plan of activities to complete to achieve those goals. The function of this plan is to help students articulate their goals so that the department can better help the student in their pursuit of those goals.

Write a brief personal statement that describes your interest in theatre and your plans for the future. Be as specific as possible.

As you fill out the rest of this form consider regional and geographic issues (where do you want to live?), professional and job issues (what do you want to be doing?) and family and personal issues.

In this long range section you should articulate your goals as specifically as possible and consider strategies you will use to help you achieve the goal. (e.g. in ten years you want to be on track for a Managing Director position with the Guthrie Theatre. To help you work toward this goal you will invest some of your time volunteering with a smaller company in fundraising.)

Ten years
Goal(s) and strategies

Five years
Goal(s) and strategies

Two years
Goal(s) and strategies
For this section, which focuses on the remainder of your time here at Simpson, you need to be even more specific with your goals and with the various tactics/activities you will engage in to fulfill your goals.

**18 months (final semester)**

Goal(s)

Tactics you will use to help you achieve your goal *(Consider what on-campus activities you will complete—participation in productions, screenings, etc and courses you will take. Also consider what off-campus activities you will participate in—KCACTF festival and audition/interviews, U/RTA’s, visits to cities, grad schools or theatres.)*

**12 months (seventh semester)**
