

Docking Menus

Scholar offers *many* menus on the left hand side of the window. You can create more screen space, by docking all the menus.

Undocked menu

Home > My courses > classes > 13-FA > 13/FA SC-101-G

The screenshot shows a window titled "NAVIGATION" with a close button and a docking icon. The menu is expanded to show the following items:

- Home
 - My home
 - Site pages
 - My profile
 - Current course
 - My courses

Below the menu, there is a contact card for Sal Meyer with office hours and a "To make" link, and two icons labeled "Ann" and "Syll" representing announcements and syllabus.

Docked menus

Home > My courses > classes > 13-FA >

The screenshot shows a vertical red dock on the left side of the window. The dock contains several menu items, including "Announcements" and "Syllabus". To the right of the dock, the content area shows the same contact card for Sal Meyer and the "Announcements" and "Syllabus" icons.

To dock a menu, click this icon:  .

You can also hide the contents of each menu. This uses less vertical space, but the same amount of horizontal space (see below). To hide a menu, click the – to the left of the docking icon.

Hidden Menus

Home > My courses > classes > 13-FA > 13/FA SC-101-G

The screenshot shows a window with four menu items: "NAVIGATION", "ADMINISTRATION", "MID/FINAL GRADE ENTRY", and "WRITTEN". Each menu item has a small diamond icon to its left and a docking icon to its right. The content area to the right shows the contact card for Sal Meyer and the "Ann" and "Syll" icons.
