

PERFORMING ARTS THEME HOUSE

The Performing Arts House is one of several theme houses that exist on campus, and has been so for over 15 years. The “PA House” is dedicated to the performing arts, especially through theatre. It is the house’s goal to facilitate an open and engaging relationship with Simpson Production Company members and to provide a social and educational resource. Most importantly, the PA House is dedicated to providing contributions to various organizations, both local and national.

Each month, the PA House hosts “Simpson Underground,” a late night cabaret-styled open mic night that exposes the talents of the Simpson community. At each Underground, members of the house collect donations to be given to the organization selected for that month. Organizations we have donated to include the AIDS Project, One Iowa, Kiya Koda Humane Society, and St. Jude’s. These organizations have been selected by the house through recommendations made by Simpson students.

If you are interested in recommending an organization or performing in an Underground yourself, contact one of the residents of the PA House. Any other questions, conversation topics or need for a good chat? Stop by anytime at 903 North E Street!
