

## FOUR-YEAR PLAN OF STUDY: FRENCH

**Major:** FRENCH

**Additional Information:**

The pathways through the French major depend on the student's starting level and the point in the pathway that the student studies abroad. All French majors are required to have at least 8 credits of academic work taught in French in an immersion setting. Below are three typical pathways. More are possible (especially since it is possible to start either in the fall or in the spring from beginning or intermediate levels).

**Scenario 1: Starting from the beginning level and studying abroad in the second year**
