

Questions to Consider Before Meeting With a Research Librarian About Your IL Course

What is important for your students to know about research in relationship to this course or discipline?

How will you meet the IL objectives for this course? What assignments do you have in mind?

How might the research librarians be of assistance? Possibilities:

Demonstration of a product or instruction on the research process inside or outside of class.
See the [Instruction Menu](#) for ideas.

Student appointments with a research librarian as a requirement or highly encouraged.

Camtasia videos on a Dunn Library product.

Assignment suggestions or ideas.
