

Summer 2019 Housing Information and Contract

Summer housing is available to Simpson College students in one of the college-owned apartment buildings with other students. For this summer, the location is Clinton Apartments. Due to limited housing, space cannot be guaranteed, but it is likely that we will have enough to accommodate all students who apply by the priority deadline of **Friday, April 19th**. If we receive applications from more students than we are able to house in Clinton, we will preference students who will be here for the entire summer and who met the priority deadline. If, after those applications, we still don't have enough space in Clinton, we will then prioritize students who will be returning for Simpson coursework during Fall 2019. It is to your advantage to turn this application in early and by the priority deadline. If you have a roommate preference, please indicate this preference below. All apartments may be filled to occupancy. We will do our best to honor roommate preferences, but cannot guarantee your preference. We will also work to minimize moves for spring and/or fall semester residents of Clinton. **You will be expected to move into your summer housing apartment on Sunday, May 26th from 4:00-8:00PM. Please make necessary travel and work arrangements in order to accommodate this date and time.** This date may be changed due to conference timelines. Also, summer projects may require your relocation to a different apartment at some point during the summer, although this is very unlikely. Summer Housing is for Simpson students only; any other persons must be approved by the Director of Residence Life. Meal plans are not available during the summer, although some food operations may be available on campus.

BILLING PROCEDURES: The Business Office bills Simpson students for summer housing based on a daily rate of \$12.00/day.

Students staying for all or a portion of May term, only because of summer housing, will begin being billed after spring classes or college obligations end. For all other students, billing will begin on May 24th, the last day of May term classes. You will continue to be billed at the summer rate until you would otherwise move into your fall housing or off-campus.

Billing occurs on the 1st day of the month. The balance for each month is due by the last day of month, unless other arrangements have been made directly with the Business Office. Finance charges are assessed on any unpaid balances as of the end of the month and are added to the student's account. On April 19th, your account will be charged for the first two weeks of your summer housing as a non-refundable deposit. Students who turn in completed applications and then revoke their application after April 19th will forfeit this deposit. If questions arise about this due to a change in your plans, please call Residence Life at x1592.

POLICIES: All college policies in the Simpson College Student Handbook and the Simpson College Housing Contract will remain in effect. No open-coil cooking appliances are allowed, and personal grills are prohibited. Kitchen facilities are available in each apartment, including a stove and refrigerator. All communication to students will be made by campus email or cell phone. Parking is only permitted in student lots around Clinton, and a parking decal from 2018-2019 is required. If your vehicle does not have one, a temporary one can be obtained through Security – please contact Chris Frerichs at chris.frerichs@simpson.edu for more information.
