4. Click on the word **Kanopy** to be directly linked to Simpson's Kanopy site.

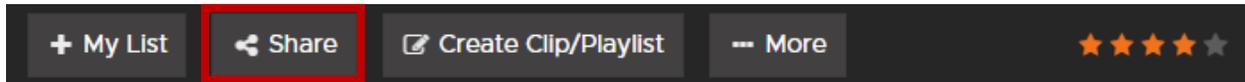

5. At this point, you are IN Simpson's Kanopy site, so you DO NOT need to use the Log In option at the top right of the page. Type in the name of the video you are searching for in the search box or click BROWSE to browse by subject area.

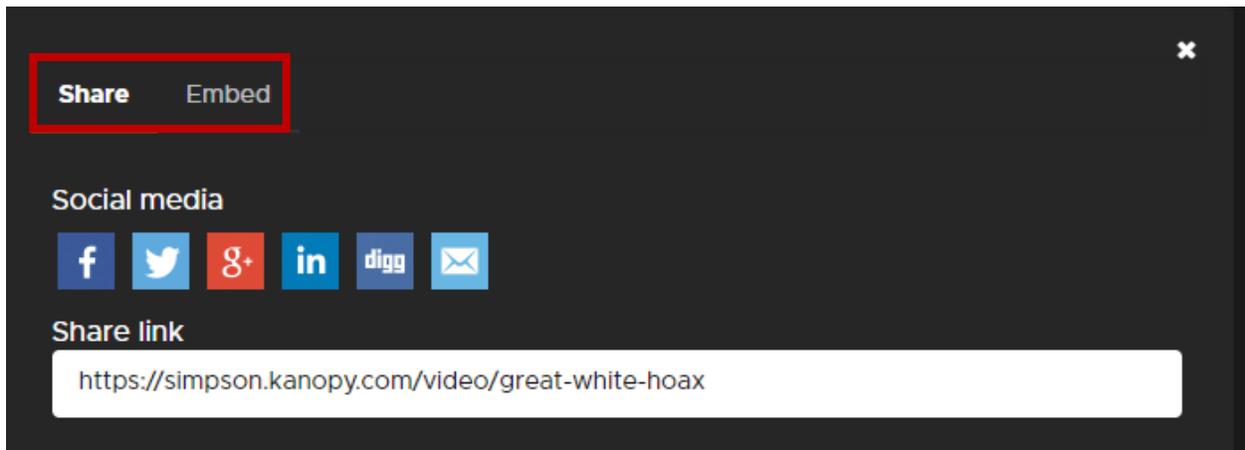

How to Access and Embed Kanopy Videos into your Moodle Course

6. Once you have located on the video you would like to share in your Moodle course, click on the video name or thumbnail to open the video within Kanopy. Under the video and title is the video menu bar. Click on the Share icon.

7. Once you have clicked on the share icon, two links will be displayed below the tool bar. You will have the option to choose the Share link or the Embed code. *With the share link, the students will click the link and be taken to Kanopy to watch the video. The embed code will allow the students to watch the video within Moodle.*

8. To Share the link within Moodle:

- a) Add an activity or resource and choose URL. 
- b) Add the Name of the Video
- c) Copy and paste the code from the Share link section of the Kanopy video
- d) Make sure the **Appearance** section is set to **New window** display.
- e) **Save and return to the course**

9. To Embed the video within the Moodle platform

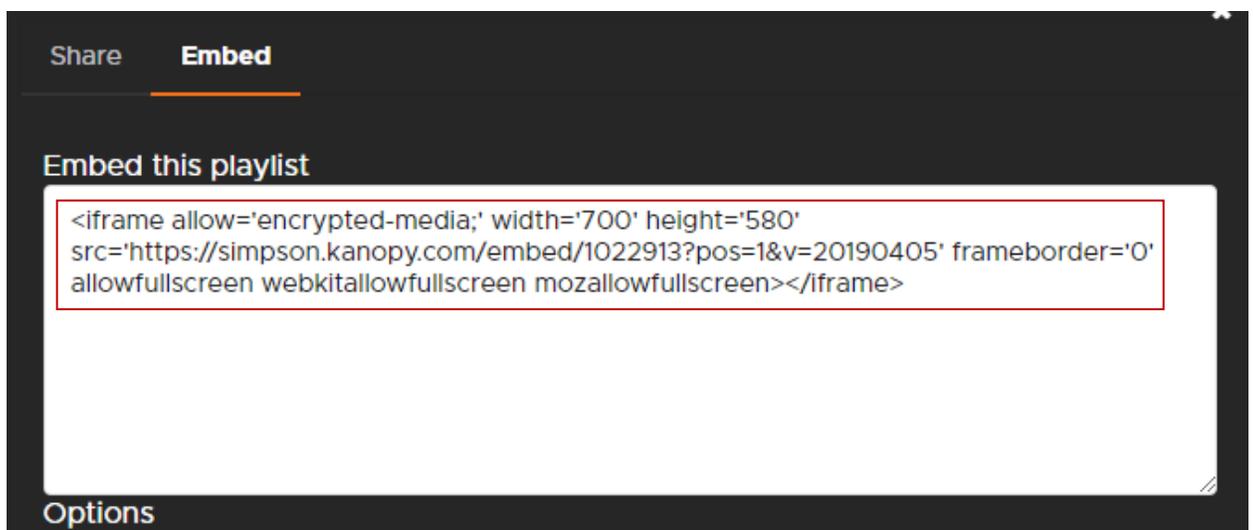

a) **Add an activity or resource** and choose **Page**.

b) Add the title information and description (if needed) for the Page.

c) In the Page contents text box, click on the down-facing arrow to open the text box tool bar and choose the HTML icon (the last button on the bottom). *This will change your text box into the mode that it needs to be in to accept the embed code from Kanopy.*

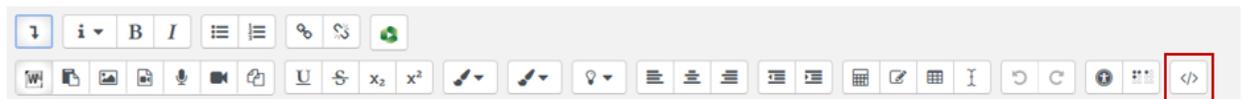

d) In Kanopy, copy the **Embed** code found by clicking on the Embed tab under the video.

e) Paste the embed code into the text box.

f) Click on the HTML icon in the text tool bar again to switch back to the regular text format.

Now the video will show up in the text box.

g) Scroll to the bottom and choose **Save and return to course**.

This process allows the students to click on the video title and be taken to another window that will pop up and show the Kanopy video. If you would like to embed your video right on the main tab page in Moodle, choose the **Label** option from Activities and recourses and follow steps c-g.
